## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant's election of claims 1-10 in the reply filed on August 12, 2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

## **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims, cancel claims 11-20 as drawn to an invention non-elected without traverse.

### ***Allowable Subject Matter***

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance: Prior art does not teach the combination of a method of forming an integrated circuit comprising formation of silicide on the source/drain junctions and *segregating dopant to the top surface of the silicide, oxidizing the dopant on the surface of the segregated dopant to form an insulation layer of oxidized dopant above the silicide, depositing an interlayer dielectric above the semiconductor substrate, and forming contacts and connection*

points in the interlayer dielectric to the insulating layer of oxidized dopant above the silicide in combination with other limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
